

Northern Virginia Youth Club (NOVAYC)

Program Details:

NOVAYC is a unique club that offers unique soccer programs where players will be in a proven and cost effective philosophy adapted by successful clubs in Europe like FC Barcelona and Olympic Lyon. The NOVAYC Elite program will adhere to the philosophy of effective training to games ratio where maximum development and learning are attained at critical stage of a young player's Technical, Tactical and physiological development. The philosophy is built around the principle of more training than games and quality game is a tool to measure the success of training.

The programs also maximize player's exposure to professional and college coaches by NOVAYC technical staff partnership to some of the successful clubs in Europe and coaches experience in selecting tournaments that will showcase players to college coaches in the most cost effective way.

The NOVAYC Elite teams will train three times a week and will play in 3 to 6 high level tournaments. The teams will participate in the Eastern Development Program League, State Cup** and for U15 thru U19 showcase teams, US Youth Soccer Region 1 League** for teams that are accepted.

NOVAYC is now starting to form/add teams from U9 to U19 (Boys and Girls) and interested players are encouraged to attend our tryouts dates below:
